Avoid messages entirely in uppercase

Capital letters are considered a cry, or a sign of nervousness. So even if you think it will make your topic more visible, do avoid capital letters. You'll seem nervous and you will not encourage others to respond to your comment or ad; moreover, your ad or comment will be certainly deleted.

Avoid texting language

Try to formulate comments or ads properly in order to be understood as widely as possible. Please note that any comments or ads in SMS are likely to be unwelcome and be deleted.

In all situations, keep calm

During a discussion, try not to get too carried away, criticize arguments and do not attack the person. Remain constructive. Thank you for always staying professional. If provoked we will not distinguish between victim and provocative, the rule being insulted = banishment.
