Dear parents,

We take the opportunity of the last newsletter of 2022 to shed light on the overcrowding situation at EEB2 Woluwe. The APEEE has reached out to the Pupils' Committee and teachers to share their concerns and input on the situation. A shuffle of the lunchtime table has been organised to allow S1 pupils to eat sooner as of January. Indeed, following requests, the APEEE Canteen team will open its doors to S1 to eat at 12:05.

We would also like to wish you and your family an excellent winter break and all the best for the year 2023.

Best regards,
APEEE Bxl II

Overcrowding at School: Yes Indeed, But What is it Really?

In 2021 the European Schools of Brussels commissioned and funded a study from PwC on overcrowding and maximum capacity of each site. The report and calculations were shared in the Brussels' Steering Committee forum. **For more information on the report and what it entails for EEB2, click the link below.**
